Compensation Plan

1. Fast Start Bonus (Paid Weekly)

- When you enroll someone new and they begin to order product, you are eligible to **25%** of their *Commissionable Volume (CV)* during their first 30 days.
- What's more, each of these transactions earns your *Upline* **3%** each, up to 7 levels! That means **3%** to you, as an Upline, each transaction your qualified *Downline* makes. Which is why helping your new Distributors enroll others can really kick start your success: **3% to you from your downline, 25% to you for every Personally Sponsored Distributor.**
- The Fast Start Bonus is paid weekly in your *eWallet* which can be setup in your personal Sisel Office website.

Qualification: The term used to describe the monthly status of all Sisel Distributor accounts in relation to their eligibility to receive commissions during that month. Qualifying for commissions in a given pay period requires that a Distributor satisfy the minimum PV (Personal Volume), QDV (Qualified Downline Volume), MQL (Monthly Qualification Level) and other requirements specific to their rank. Therefore, the specific definition of Qualification varies according to rank. Distributors that do not qualify may miss out on all or a portion of the commissions they would otherwise have earned had they satisfied the requirements specific to their current rank. There is no Dynamic Compression on the first level Fast Start bonuses.

Commissionable Volume (CV):
Total purchase amount that is eligible for commissions.

Upline: Sponsored Distributors placed 'above' you in the placement tree.

Downline: Sponsored Distributors placed 'below' you in the placement tree.

eWallet: Where your commissions are paid and can be withdrawn. Once you login to your Sisel Office, click on eWallet on the top menu to set it up.

1 Fast Start Bonus (FSB) (Paid Weekly)

Your FSB is paid out weekly on all new volume, covering up to 8 levels in depth!

ENROLLMENT LEVEL

2. Direct Commission (Paid Monthly)

- With your initial order of 50 *Own Volume*—or *OV*—you are eligible to receive three levels of payout. You will start getting paid monthly based on the CV of your first three levels after their first 30 days:
 - You get **7%** of the Commissionable Volume (CV) the people on your first level generate.
 - You also get **7%** of the CV from the second level.
 - And you get **7%** of the CV from the third level.
- The money can add up quickly, as Sisel not only pays you **7%** on the first three levels, and as you rank up, you can **receive 7%** from levels four through seven.
- Receiving **7%** on the lower levels is achieved through *Rank Advancement*, which will be explained later. The simplicity remains: you get **7%** of the CV generated per level.
- When you help those in your downline duplicate this same process and work hard for their own success, your organization gets bigger and bigger, which makes your residual income potential even greater.

Own Volume (OV): An assigned point value based on the price of personally purchased product that is used to calculate qualifications.

Rank Advancement: The eligibility requirements that a Distributor needs to achieve in order to qualify progressively from rank to rank.

Sisel's Master Ranks

- Ranks are calculated monthly according to your Personal Volume (PV) qualification and your *Qualified Downline Volume (QDV)*. Ranks 2-Star and beyond also include a 1-Star Leadership Requirement on different *legs*. The leaders in your downline fulfilling this requirement do not need to be frontline or *personally sponsored*, but do need to be on different legs. As indicated earlier, all commissions are generated off the Commissionable Volume (CV) of an order.
- **Ranks:** Distributor, Master, Master Builder, 1-Star, 2-Star, 3-Star, 4-Star, 5-Star, 6-Star, 7-Star, 8-Star, 9-Star, and 10-Star Masters.

Qualified Downline Volume (QDV):

The amount of DV that is used towards your Master Rank after the 50% rule has been applied.

50% Rule: No more than 50 percent QDV on your strongest leg can count towards your total QDV.

Leg: All of the Distributors and Preferred Customers located beneath and including a frontline Distributor.

Personal Sponsor: A Distributor who introduces the Sisel opportunity to someone and initiates their enrollment into the company. The Personal Sponsor may or may not also be the Direct Upline Sponsor because of their option to place the enrollee anywhere in the placement tree.

- This exclusive bonus allows you to continually grow your business while constantly being rewarded for your hard work. Each person added to your organization is another source of income.

So What do you Receive?

- In addition to the **7%** you receive from the first seven levels, the rank of **3-Star** allows you to receive **0.5%** from your 8th level's Direct Commissions, and each additional level beyond that, through infinity, or until you reach someone in your downline of equal or greater rank.
- Things get even more lucrative as your rank increases: as a **4-Star**, you get **1%** from your 8th level's Direct Commissions, through infinity.
- By not limiting your levels of payment we make it simple for you to succeed. The higher your rank, the bigger your commissions.

4. Master Check Match (Paid Monthly)

- Your fourth profit center, the Master Check Match (MCM), is a *generational* bonus wherein the individuals that fill your enrollment tree create more income for you. Normally we look at compensation from the top down but with the MCM we need to look at it from the bottom up. Here's how it works:
- You receive equal to **10%** of the Direct Commission earned by those in your **First Generation**.
 - So let's say you personally sponsor Mary who is a 1-Star Master who earned \$1000 dollars in Direct Commission last month. You get **\$100** based on her Direct Commission.
 - You also have six other Personally Sponsored 1-Star Masters who collectively made \$10,000 dollars Direct Commission last month. You get **\$1,000. And that's just the First Generation!**
- The Master Check Match Profit Center pays **Four Generations** from Direct Commissions.
- Your **Second Generation** consists of the people who are personally sponsored by those in your First Generation. Mary (first Generation) signs up Susan. You get **5%** of what Susan makes from her Direct Commission.
- Your **Third Generation** consists of the people that are personally sponsored by those in your Second Generation. Susan signs up Pablo. If you are a 4-Star, you get equal to **5%** of Pablo's Direct Commission. On the Third Generation, you receive **3% as a 3-Star**.
- And finally, your **Fourth Generation** consists of the people that are personally sponsored by those in your Third Generation that are at least 1-Star or higher. Pablo signs up Miguel. You get **5%** of what Miguel makes from his Direct Commission as long as you are a 5-Star Master or higher, no matter what his rank above a 1-Star may be.
- From your Second to your Fourth Generation, *Dynamic Compression* applies to those ranking 1-Star Master or higher that you personally sponsor.

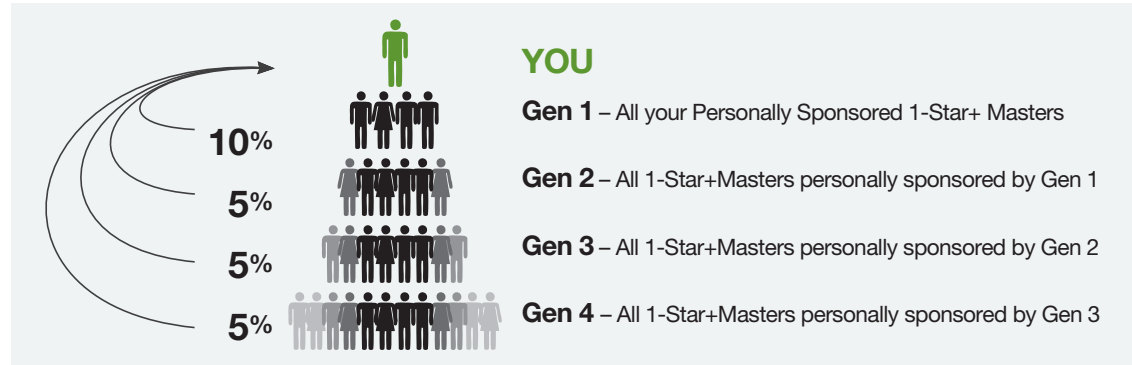

Generation: All of a Distributor's Personally Enrolled 1-Star Master Distributors and above.

Dynamic Compression: As commissions are calculated, unqualified ranks are compressed out so the next qualified rank is paid.

Your 4th, 5th and 6th enrolled Distributors constitute the base of your *Wealth Team*. The Freedom Team and the Wealth Team positions are assigned once a personally sponsored, frontline Distributor purchases a WB Pack. Once the Distributor is assigned a position they will remain in that position until the account is closed.

Turbo Bonus: Similar to the \$80 Wealth Builder Bonus, the Turbo Bonus will then pay you \$100 the moment you enroll your 6th personally sponsored Wealth Builder and every Wealth Builder you personally enroll after that.
